

Reentry Review: February 2016

Arkansas Community Correction

DAY 180: A TIME OF TRANSITION

Reentry Facility programming was designed to serve as a transition period between prison and the community; an opportunity to begin making decisions on your own but still having a guiding hand when necessary. Day 180 is an important milestone in the reentry facility program because it marks the move from the Phase IV to an approved parole plan. Phase IV marks the completion of the program where residents move to an approved community residence and begin putting to use all those tools they learned at the facility. ACC Reentry is so proud of our first residents to hit this milestone. They have taken full advantage of this opportunity and are finally seeing the benefits of their hard work and dedication at the reentry facilities. We want to recognize these individuals for their dedication to changing their lives. A reception was held at Phoenix Recovery Center in Conway, where they each received Certificates of Completion as the first graduates of the ACC Reentry Facility program: *(Photos)*

REENTRY FACILITIES

ACC has worked closely with the community to establish reentry facilities across the state. We currently have 7 licensed reentry facilities providing reentry programming to residents who are transitioning out of prison and into the community. These facilities are:

Mulligan Road	Quapaw: Hidden Creek
Covenant Recovery	Project New Start: Gideon House
Safe Harbor	Project New Start: Esther House
Quapaw: Harmony House	

The Good Grid is ready and waiting for you and your offenders! All offenders on active supervision have a resume waiting for them to update, but we need you to help us spread the word to them. Show them how to access their resume at www.goodgrid.com/myportfolio. Remember they must use their PID and DOB to log in (Add zeros to the front of the PID to make it 7 digits). If you have questions, you can always contact The Good Grid helpdesk at (501) 687-2346 or team@goodgrid.com.
